## ***Rules of the Auction***

- 1.** Each person attending the auction will be required to register prior to entering the auction room. The registration form will require your name, postal address, phone number, signature and identification of same. Upon registration each person will be given a bidders number. If you are successful in purchasing any of the lots, you will be required to display the bidder's number to the auctioneer, to enable the auctioneer to note the winning bidder and to allow for the preparation of a sales slip.
- 2.** Each lot will be sold to the highest bidder. Persons unfamiliar with auction practices should ensure that their bids are correctly acknowledged by the auctioneer. It is suggested that bids are called out, or that if a certain bid is called for, that the intended purchaser raises his/her bidder's number in the air to attract the auctioneer's attention for this bid. It is not recommended that you rely on the old nod of the head or wink of the eye to catch the auctioneer's attention for a bid. Standard auction procedure will be followed in the event of disputed bids as outlined in the auction conditions.
- 3.** Payment for the purchased lots shall be by Cash, Credit Card, Bank Cheque or Money Order. Personal cheques cannot be accepted. Credit card payments will incur a processing fee of 5%.
- 4.** Successful purchasers of lots will be required to take their purchases with them at the end of the day, after they have paid for their purchases. Proof of payment will be a receipt from the cashier. You will be required to take your carry boxes or cages and your receipt to the Collection Point Official and produce your receipt. The Collection Point Official will have the lot/s collected from the benching and brought to the Collection Point. You will be required to remove the bird/s in each lot from the show cage and transfer it/them to your own caging facility. The vendor, the auctioneer or any of his staff will not be touching the birds. It is the sole responsibility of each purchaser to handle their own birds on collection.  
  
Under NO circumstances are purchasers to remove any lot/s from the benching themselves.
- 5.** Cameras, recording equipment, judging sticks and carry cages will not be allowed into the auction room or inspection area. Carry cages, clearly marked with the owner's name, may be placed in a designated area for collection after payment is made. The birds must not be interfered with or subjected to judging sticks, pens or similar objects.
- 6.** If necessary, the organisers reserve the right to make any alterations, additions or deletions to this catalogue.

## ***Auction - Terms and Conditions of Sale***

- 1.** Prior to the commencement of the auction each intended bidder shall complete a registration form and shall receive a bidder's number. On the fall of the hammer the purchaser shall display to the auctioneer his/her bidder's number.
- 2.** Subject to the vendor having the right to bid, the highest bidder, on the call of the Auctioneer, shall be the purchaser. In the event of any dispute arising as to the highest bidder, the Auctioneer may decide (at their discretion) to re-offer the lot in dispute. The auctioneer's decision shall be final.
- 3.** The auctioneer reserves the right to accept or refuse any bid or any birds without having to state any reason or reasons thereof.
- 4.** After the fall of the hammer no party will be allowed to retract his or her bid.
- 5.** Once the Auctioneer has noted the winning bidder number and sale amount, a Sales Slip will be completed and provided to the successful bidder. To assist in a free-flowing auction, could the winning bidder please make themselves known to the auctioneers assistant handing out the sales slips so we can progress smoothly to the next Lot.
- 6.** Purchaser/s may collect their purchase/s before the end of the auction by:
  - a) taking the sale slip from the auctioneer's assistant to the cashier;
  - b) pay for the purchase/s and have slip/s endorsed for payment by the cashier;
  - c) proceed to the allocated collection point with own carrying cage and evidence of purchase;
  - d) the Collection Point Official will have the lot/s collected from the benching and brought to the Collection Point. Under NO circumstances are purchasers to remove any lot/s from the benching themselves;
  - e) under the supervision of the official, transfer the purchased bird/s to their own carrying cage;
  - f) once the lots have been transferred to the purchaser's own cage they must be removed from the auction room.
- 7.** "West Sydney Branch of the BSNSW" acts as an agent only in respect of the goods to be auctioned and is not responsible for any faults or defects in any lot. Barry Ryan and James Matthews are the sole "West Sydney Branch of the BSNSW" representatives and their decisions are binding and final.
- 8.** Intending purchasers must satisfy themselves as to the origin, age or condition of any lot in which they may be interested. Whilst the "West Sydney Branch of the BSNSW" has made all endeavours to ensure the accuracy of all the information contained in the catalogue they provide no warranty to that information.

**9.** The Organisers have the right to withdraw or substitute any lot or combine any two or more lots at their sole discretion.

**10.** The buyers taking delivery of the goods shall be conclusive evidence that the same are in satisfactory order and condition and fit for the purposes of which they are required.

**11.** Payment for the purchased lots shall be by Cash, Credit Card, Bank Cheque or Money Order. Personal cheques cannot be accepted. Credit card payments will incur a processing fee of 5%.

**12.** If any successful bidder shall fail to pay for their purchases on the day, the vendor or his agent has the right to resell the lot in any manner they think proper. The non-paying bidder remains liable for any shortfall between the original bid price and the amount achieved from any subsequent re-offering.

**13.** All lots must be paid for and removed within 1 hour of the completion of the Auction.

**14.** Any birds accepted by the organisers after the production of the catalogue will be listed on a supplementary sheet which will be available on registration.

**15.** Any scratchings are to be advised to the organisers prior to 8:30am auction day. The Auctioneer will advise each lot that has been withdrawn when that Lot's position in the auction is reached.

**16.** In all other respects the decision by the "West Sydney Branch of the BSNSW" organisers will be binding and final.

**17.** A commission amount of 10% will be retained from the sale price for each lot, with a minimum commission amount of \$5 per lot.

No additional commission amounts are payable by the purchaser (unless payment is by credit card, when a 5% processing fee will apply).
